Labor Plans Gigantic Coup

INCREASE OF WAGES WILSON PROPOSAL SUFFERS REJECTION

Washington, Oct. 24.—Secretary of Labor Wilson's proposal for wage increases for the coal miners to avert the threatened coal strike were rejected this afternoon by both the miners and the operators.

Secretary Wilson appealed to the conference to remain in Washington until he could communicate with the White House and he asked for a further conference at 4 o'clock this afternoon. The request was taken under consideration.

The proposal of Secretary Wilson which was rejected would have made a 17 per cent increase in wages of the miners.

The conference agreed to adjourn until four this afternoon. In the meantime Secretary Wilson will attempt to communicate with the president.

Washington, Oct. 24.—An open break between coal miners and operators was prevented by Secretary of Labor Wilson, who made a dramatic appeal for further deliberations.

It was near the end of a long and heated session, at which the miners formally rejected one plan of settlement and refused to arbitrate wages, that the secretary, taking hold of a slender thread, brought the two sides together and kept them here for another conference.

As members of the two groups, weary after three days of argument and wrangling, left the meeting place, they refused to hazard an opinion as to whether the strike could be averted. In some quarters, however, there was a more hopeful view than here. Secretary Wilson, a bit hoarse after long pleading with the factions for consideration of the public's rights, actually seemed cheerful.

"The miners rejected, and the operators neither rejected nor accepted my first proposal for settlement of their troubles," Secretary Wilson said in summing up the conference. "They now have before them for consideration a proposition submitted by me that they go into conference with each other, without reservation, as if no demands had been made or refused, having in mind the interests of their respective groups. The miners are willing to do that and the operators are willing provided the strike order is withdrawn."

John L. Lewis, president of the United Mine Workers of America, leading from the conference room a group of his men, said: "The strike order stands."

Thomas L. Brewster, head of the Coal Operators' association, said: "We are just where we started."

But out of this mass of conflicting claims there seemed a better chance that Secretary Wilson might be able to bring the miners and operators together.

There were reports that the groups were not solid, that some operators, seeing no other way out of it, were inclined to the belief that it might be best to yield and begin negotiations, regardless of the strike order.

IDEAL BABY STILL MISSING
Cleveland, Oct. 24.—An all night watch by Cleveland detectives of train entering Cleveland failed to rescue Billy Dansey, "ideal baby" from his alleged kidnappers. The police were requested to institute the search by Prosecutor E. G. Gaskill at Atlantic City who wired he had reason to believe that a woman had started westward from Hampton, N. J., with the baby, kidnapped from his home there.

MANY SHIPS ARE LYING IDLE IN NEW YORK

New York, Oct. 24.—Four hundred and ninety-five ships with a tonnage aggregate of 1,693,700, lay idle in New York harbor today as a result of the longshoremen's strike.

Virtually every dock and dry dock in the harbor was occupied, every anchorage filled and 180 ships were unable to find berths.

The piers are lined with freight awaiting shipment. Vessels are crammed with goods, much of it perishable, which cannot be unloaded because no men can be obtained. Anywhere from 35,000 to 75,000 bags of mail, much of it urgent and important are piled up on the piers.

SCHLESINGER AFTER PORK PROFITEERS

Columbus, O., Oct. 24.—Hugo Schlesinger, Franklin county prosecutor, announced today that he will summon a special grand jury to investigate the high prices of pork, if it is found necessary. While the wholesale market on hogs has dropped more than \$2 a hundred since Monday, the price of pork at retail remains practically unchanged.

PRESIDENT IS GAINING STRENGTH

Washington, Oct. 24.—The president continues to gain strength slowly, declared the official statement issued at the White House today.

The statement follows: "The president continues slowly to gain in strength. There is nothing additional to report this morning."

The statement was signed by Drs. Grayson, Ruffin and Stitt.

TRACE MOVEMENT BACK TO RUSSIA

Washington, Oct. 24. The Bolshevik movement which "threatens to over run this country," has been directly traced to an "International communist gathering" of Russian Bolsheviks held at Moscow from March 2 to March 6. Lenin and Trotsky, First Lieut. Donald C. Van Buren of the U. S. Army intelligence service, declared today in testifying before senate sub-committee investigating steel strike as to conditions at Gary, Ind., and elsewhere. Van Buren said "red" activities on a broad scale had been unearthed.

AN ESTATE OF \$75,000 LEFT BY D. W. COSLEY

Important bequests to charity were made by Dennis Webster Cosley in his will disposing of an estate of the estimated value of \$75,000, which was admitted to probate by Judge J. C. Marshall Friday. Mrs. Cosley, who is named executor by the terms of the will estimated the value of the personal property, which is chiefly in money, stocks and bonds at \$50,000. The real estate is valued at \$25,000.

The testament leaves to the widow, Mrs. Mary Catherine Cosley absolutely, all the personal property, furniture and household goods which the testator possessed at the time of his death.

Mrs. Cosley is also given in lieu of her dower a life interest in all real estate, with the rents, and profits from the same. Should it be necessary to sell any of the real estate for the support of Mrs. Cosley or for reinvestment in better revenue producing real estate, the will directs that the sale shall be made by the widow with the aid and direction of J. D. Steele and L. M. Garfield, who are named trustees for that purpose.

It is also provided that a suitable sum shall be expended each year for the proper maintenance of the testator's family plot in Woodland cemetery.

After the death of his wife, Mr. Cosley makes provisions for the payment of legacies totalling \$2,750 to his brothers and sisters or their heirs. He then directs that after the payment of those legacies, all of the estate remaining after the death of Mrs. Cosley, shall be devoted to charity, and shall be applied to "relieve the suffering and needy, poor, sick and afflicted in my native town of Xenia, so that the greatest benefit may be derived therefrom."

For the accomplishment of this purpose Mr. Cosley made minute and careful directions, evidently after long deliberation over the manner in which he wanted his charitable desires fulfilled.

He provided that the remaining estate after the legacies to his brothers and sisters, nieces and nephews be paid, shall be divided, one half to go to the First Reformed church, this city, as a memorial to his deceased wife, Magdalena Cosley, and his daughter and only child, Lillie Delmar Cosley. The other half to go to the First Methodist Episcopal church this city, as a memorial to the present Mrs. Mary Catherine Cosley, for "the express purpose named herein." The care and management of the two funds is to rest with the trustees of the two churches.

It is directed that the trustees invest the funds in good first class interest producing securities, first mortgage on real estate of double the value the amount loaned, or in municipal or government bonds. From one half the interest thus obtained the trustees are to pay all expenses incident to the trust fund, and shall devote ten per cent to the maintenance of the churches. It is directed that the residue of this one-half of the interest, under the direction of the trustees, shall, each year, during the month of December, and before the twenty fifth of the month, be expended for the aid of worthy poor in the church, or deserving poor on the church charity lists.

He disposes of the other one-half of the interest as follows: Three-fourth of the interest allowed to accumulate added to principal, invested and controlled with it for 25 years. The other one-fourth is to be used for charities generally in Xenia, for the "assistance and comfort of the unfortunate and worthy sick and disabled, each year before December 25. After 25 years, the testator says that it is his will that all the interest shall in the same manner be devoted to charity, and should there be at that time, or thereafter, he says, a charity hospital in Xenia, a portion of said interest at the direction of the trustees shall be devoted to that purpose, but not so as to impair the main object to be attained by the assistance of individuals.

Every year after the 25 years, the will directs, there shall be added to the principal one-fourth of the interest derived for a period of 25 years, to the end of 50 years, after the fund is established, after which the same can be administered and disbursed as already provided, 10 per cent to church maintenance and the rest to charity.

"It is my will that none of the trust fund shall be diverted or used for any other purpose, my aim and purpose being to do permanent and lasting good to those whom I and my deceased

EX-MAYOR OF LONDON WORKS AS PORTER DURING RAILROAD STRIKE.

Ex-Mayor of London as porter during strike.

During the recent railroad strike in England, which completely tied up the roads of the country, many prominent Englishmen volunteered to aid the Government in its effort to keep food trains running. The situation became so acute that even many women of the nobility were engaged in unloading the food trains reaching London. Here is shown Lord Lawrence, Ex-Mayor of London, hard at work as a station porter while the strike was at its height.

LUDENDORFF DECLARED IN MAY 1917 GERMAN U BOATS WOULD WIN WAR

Berlin, Oct. 23.—(Delayed)—Count Von Bernstorff, former German ambassador to the United States, continuing his testimony today before the war guilt commission, declared that in May, 1917, General Ludendorff made the statement at German great headquarters that he had positive information that England could "hold out only three months longer."

Von Bernstorff said he had been called to German great headquarters for a conference.

After certain conversations in which the former diplomat pointed out that he had been asked from Germany to make peace through the United States if possible, he testified that Ludendorff said:

"We do not want that now. We will finish the war within three months with our 'U' boats."

Commercial organizations getting his first work in this field there. This was previous to his enlistment, serving during the war with the U. S. Marines, being for the greater part of the time, commander of Marine Detachment Naval Mine Depot, Yorktown, Virginia, supervising, policing and guarding the large Naval Reservation.

The new secretary received his discharge, attending and graduating from the Summer School of Community Leadership at Eagles Mere Park, Pennsylvania, conducted by the American City Bureau. His work here was along the line of developing and strengthening executives in the Chamber of Commerce and business field, so he is well qualified to act as secretary of the local organization.

Since his graduation Mr. Tingley has been employed in Chicago, having charge of a big national advertising campaign for the Bell telephone directories. The new secretary is unmarried. His qualifications and recommendations are considered excellent and in securing him as permanent secretary, the board of directors has no fear concerning the future of the organization while under his helm.

SECRETARY FOR THE CHAMBER OF COMMERCE SECURED

Lewis C. Tingley, of Chicago, has been retained as secretary of the Chamber of Commerce by the board of directors and will arrive in this city Sunday and begin his new duties Monday.

Mr. Tingley comes to the local commercial body well recommended, and with a splendid record back of him. He has had connection with a number of important concerns in responsible capacities. He was at one time connected with the Portland Railway Light and Power Company of Portland, Oregon, as special field representative handling complaints and later was retail sales representative of the Oregon Motor Car Company, Studebaker Motor Car distributors of Portland. Later he served in the same capacity for the Gordon Auto Sales Company, of Detroit, Mich., handling Chandler automobiles.

ORGANIZED LABOR MAY JOIN FORCES WITH THE FARMERS

Washington, Oct. 24.—Organized labor is planning a gigantic coup.

This was learned at the headquarters of the American Federation of Labor here today.

Aroused by its failure in the industrial conference, organized labor today is planning to work more diligently than ever for nation wide organization of workers.

A general conference will be called at an early date to deal with the future plans of labor, it was formally announced at the American Federation of Labor headquarters here this morning.

Samuel Gompers, president of the A. F. of L., today sent a telegram to the Illinois Federation of Labor declaring that the executive council of the A. F. of L. has voted for a general council to plan labor's campaign. The telegram was sent in reply to a resolution adopted by the Illinois federation yesterday urging Gompers to take steps to form "one big union" in North America.

Gompers' telegram was as follows: "The executive council of the American Federation of Labor before its adjourning Tuesday evening adopted a declaration for a conference to be held at an early date to deal with several of the subjects contained in your telegram."

Organized labor is to join forces with the farmers.

This is one of the results of the defeat of labor's program in the industrial conference.

A meeting of representatives of the A. F. of L., the four big railroad brotherhoods and the farmers national council will be held either in Chicago or Washington next month, it is announced. The meeting will effect a powerful alliance between the farmers and workers to reduce the cost of living, and also formulate a general economic and political program that will include government ownership of the railroads and coal mines, government control of the packing industry along lines suggested by the federal trade commission and a democratizing of financing of war by increased taxation of big incomes.

The proposed alliance would include four million workers and 750,000 farmers. Among the farmers organizations which will take part in the meeting next month are the non-partisan league, the national Gleaner association and state granges.

Organized labor will co-operate with the farmers to reduce the cost of living by eliminating the middleman through the establishment of government controlled central wholesale markets and by throwing open as public places privately owned plants and warehouses necessary to provide facilities for competitive marketing.

The farmers will help labor to establish collective bargaining and the other principles for which it fought in the president's industrial conference.

ASSERTS FAITH WAS WEAKENING, DIFFERENT NOW

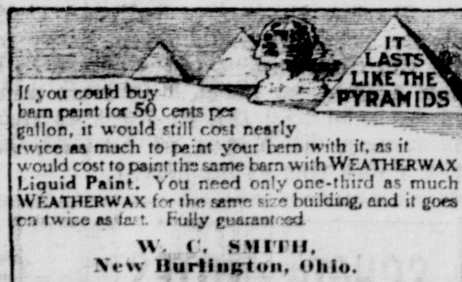

Mrs. Martin Believes In Merits of One Medicine, Since Taking Trutona

Ironton, Ohio, Oct. 23, 1919—"I had taken so many medicines without getting relief I had become disgusted, but I think I have found in Trutona a preparation that is going to restore my health," Mrs. M. L. Martin, a well known Ironton woman of 314 Railroad Avenue, said recently.

"Stomach disorder was my main trouble. My appetite was poor and I was usually constipated. I was often bothered with headaches, too. I had become weak and so nervous I couldn't sleep at night. Always after meals, I'd feel so bloated I didn't know whether I could stand it.

"But I feel better all over, since taking Trutona. My appetite is so much better and my food seems to taste better than it has for some time. I sleep better at night now than I have for a long time. I've gotten a great deal of relief from the constipation, too, and the former headaches have not bothered me for some time now. I can recommend Trutona to any of my friends and I feel sure it will help anyone who is suffering as I was."

Trutona is now being introduced and explained in Xenia, at Sayre & Hemphill's

of Christ has resumed the Sunday evening services.

Funeral services were held on Wednesday morning at the St. Augustine church for the late Mrs. James Winifred Mangum Andrews. The Rev. Father O'Connor conducting the services. Appropriate music was furnished by the choir of the church. The Rev. O'Connor paid a beautiful tribute to the Christian character and the faithfulness of Mrs. Andrews, as to a life long member of the church and a kind and accommodating neighbor and friend. Interment was made in the Catholic cemetery in Xenia. The young men who served as pall bearers were relatives.

The Jamestown and Silvercreek schools will observe Monday the 27th Roosevelt day with appropriate exercises. Thus honoring the memory of this great man.

The marriage of Miss Laura Conklin and Mr. Daniel Adsit, of Jamestown took place at the home of the bride near New Jasper.

Wheat Always Preferred Food

While more people are living in the world today dependent upon rice than upon wheat for subsistence and a greater number of the human family live upon millet than any other cereal food, wheat is the preferred food among the higher civilized peoples. The more progressive peoples of the earth have ever been wheat eaters. Grains of wheat have been discovered in Egyptian tombs of the first dynasty, dating back 4,000 B. C., while bread of wheat has been excavated from the ruins of the prehistoric lake dwellers of Wagner and Robenhausen in Switzerland.

ALLEGED BURGLAR ENTERS A PLEA OF NOT GUILTY

Raymond Smith, 19 year old Cedarville negro, charged with having committed a series of burglaries in that village a week ago, entered a plea of not guilty to the charge of burglary and larceny when arraigned before Magistrate J. E. Jones Friday morning. His preliminary hearing was set for next Friday and he was returned to the custody of the sheriff.

Sheriff Funderburg, Chief of Police Canada and Deputy Sheriff George A. Birch believe that Smith is the champion liar in Greene county. So many and varied are tales that he has told concerning the robberies that the officials have lost all faith in his stories.

Smith was arrested last Sunday morning by Sheriff Funderburg and Deputy Sheriff Birch. He was locked up at police headquarters in this city, where he made a "confession," implicating Troy Mayo, Harrison White and Joseph Smith. He said that he watched that trio making preparations for the burglaries, and that afterward one of the men went to him and offered to divide the spoils with him if he would keep quiet. Finally Raymond Smith admitted that he had lied on Mayo and White but said that Joseph Smith and himself did the jobs. Later he admitted that Joe Smith was not in the deal at all, but that Tom Souard and himself were the guilty parties. He said Souard did the jobs while he stood lookout.

Tom Souard, who was taken into custody, denied completely all knowledge of the crime, and the officials were convinced that he was innocent. Confronted by Souard, Smith broke down and cried, admitting that he was alone in the deal, and that he would take the officers to the spot where the stolen money was hidden in the stone quarries near Cedarville.

Taken to the quarries, Smith led the officers to the farther end of the place and he declared that blasting which had been in progress had destroyed the hiding place.

Sheriff Funderburg turned to Smith and charged him with lying. Smith admitted it, and declared that he had lied about the whole business, and knew nothing of the burglaries. He was brought back to Xenia and locked up.

Smith has been in the Lancaster industrial school twice, and has a bad reputation. The Ralph Murdock garage, Charles Spencer restaurant and N. M. Ridgeway drug store in Cedarville were robbed the same night of over \$200 in money and some other property being stolen.

Mrs. E. F. Brandt, of Urbana, was the guest of relatives in Xenia, Wednesday.

Mrs. W. C. Hiff was called to Newark, Tuesday on account of the serious condition of her brother-in-law Mrs. Will Huntington who was badly injured some days ago when an elevator fell and struck him in the back of the head and neck.

The boys of Cedarville College commenced practicing basketball Tuesday night. Paul Turnbull of Athletic fame will be their coach this year.

Miss Elwell has been called out of the city and Dorothy Turrell has taken charge of her classes until she returns.

Optimistic Thought.

HIGH SCHOOL NOTES

The Junior class opened the Halloween season with a masquerade party, held at the beautiful country home of Mildred Jones, Wednesday night. The merry guests, imbued with a carnival spirit, made the trip to the scene of their revelry in automobiles. The yard was brilliantly lighted by numerous Japanese lanterns and hideous pumpkin faces. The house was also decorated with lanterns giving a mellow lighting effect. Dancing was enjoyed by all upon their arrival after which some time was spent in guessing the identity of the maskers. Old fashioned games were resorted to as a means of stimulating amusement and it had the desired effect as everyone thoroughly enjoyed them. Refreshments consisting of weiner sandwiches, pickles and pumpkin cut to represent cheese. After more dancing the crowd broke up at a late hour.

Back of Every CALORIC This Binding Guarantee

70 Degrees Temperature -or Your Money Back!

A definite written guarantee to heat your entire home, upstairs and down, to the comfortable temperature or 70 degrees in coldest weather—that's the fair and square basis on which we sell the

PIPELESS CALORIC FURNACE
The Original Patented Pipeless Furnace

The CALORIC heats buildings of 18 rooms or less through one register—by utilizing the natural law of air circulation.

Over 76,000 Calorics in Use

Prove beyond question that the CALORIC heats more uniformly and more efficiently than any other system—and positively saves 1/3 to 1/2 the fuel. This remarkable economy record is due, first—to the fact that the CALORIC has no expensive heat-wasting pipes—secondly—to the fact that the CALORIC draws the cool air out of your rooms in the same volume that it pours warm air in. This air-circulation results also in the air throughout your home being constantly purified, with a complete change of air practically every 15 minutes.

For Old Homes or New

The CALORIC may be installed in old homes as easily as in new—in one to two days' time. It is low in first cost, low in upkeep. No pipes, no plumbing and only one register. Come in and see the CALORIC, and let us explain to you its many distinct advantages. You will thank us for telling you about it.

WOULD "COLLECTIVE BAR- GAINING" AMOUNT TO ANYTHING?

It looks as if the great "Industrial Conference," which has been in session in Washington for some weeks, and from which President Wilson had hoped great results in settling the long agitated war between Capital and Labor, is going to be a failure in the accomplishment of any substantial advancement of end sought.

On Wednesday, Samuel Gompers announced the withdrawal of the Labor section from the Conference, because the right to "Collective Bargaining" had been voted down three times. Now these words "Collective Bargaining" are words that may have a very wide range of meaning, according to the ideas of the participants.

It is remembered that Judge Gary, chairman of the Board of Directors of the United States Steel Corporation, in his capacity as spokesman for the Chicago Steel Works, refused to confer with the leaders of the Union strike, claiming they had no right to demand such interview, having no relation whatever with his business. The Union leaders took great offense at Judge Gary's refusal to give them an interview, and have made Capital with all Labor Unions and perhaps in public sentiment with many others on this ground.

Now whether, if Judge Gary had consented to an interview, this would have been called "Collective Bargaining" we are unable to say. As they were so far apart in their views, there is no telling whether any "bargaining" between them would have amounted to anything. Very probably not.

But yet on the right to have this "bargaining," the Labor section of the Industrial Conference withdraws from participation. It is taken for granted that the two other sections of the Conference, Capital and the Public Interests, could not conceive it to be justice to themselves to give Labor the right to interfere in their business.

Ex-President Taft is out in an article in the Philadelphia Public Ledger which looks as if he thinks Judge Gary might have given the Strike leaders an interview without injury to his cause. He says:

"The employers' group in the present conference can greatly help the conservative labor leaders in their struggle to retain and regain their control of the unions if they will only recognize its vital importance and make reasonable concessions to them. Collective bargaining with all its reasonable corollaries should be freely granted in the present Congress. The employers in dealing with their men should cease to act as if a labor leader had the typhus and was a conveyor of the contagion. Discussion does not blind the employer to any course of conduct, while the opportunity to be heard through a chosen representative is a boon highly prized by real Americans."

Recognition of the leaders to this extent strengthens them with their followers, instills in them a worthy pride to fulfill their contracts and strengthens their conservative influence in the unions."

To bring the matter home to Xenia, this is as if the Labor Unions had called a strike here, and the strike leaders go to Mr. Steele and Mr. Kelly and Mr. Flynn and demand an interview—demand "Collective Bargain-

ing." Judge Gary claimed the strike leaders were interfering with private business, in which they had no concern, and refused to give them the interview sought.

We can say for Ex-President Taft that he has the spirit of the "Peace-maker." He has shown that in his earnest work to get the treaty adopted. The Bible says: "Blessed are the peace makers, for they shall be called the children of God." If through his efforts, peace should be made between Capital and Labor, he will be entitled to what the Bible promises, and, at all events, it is to the credit of his whole-hearted Americanism that we always find him to the front in the spirit of concession.

It is not to our credit for any of us to try to "bullet it through" the world, thinking we know it all. For we don't.

WHY DON'T COLLEGES DE- VELOP BUSINESS COURSES?

Most men who have been successful want their boys to have a college education. But, said a man of affairs, apart from the enrichment of their own lives I have my doubts on the subject.

A college-bred man is equipped to be of service to his fellow-men, but examples do not tend to show that they alone bear the palm for the greatest usefulness in the community.

Professor Jeremiah Jenks, the noted economist, once said he had placed his son in the Baldwin Locomotive Works, so that by learning to work with his hands he might develop full sympathy with human-kind.

The business man of today in taking on men to develop rather inclines to a young man who has had a fair education and some knock-about business experience.

He finds the young man thus equipped has a better training for administrative work and a more forceful "approach" than many college men. In his opinion, as in that of Cecil Rhodes, administrative or executive ability is the greatest of all qualities, and he wonders why colleges do not labor to develop it.

If you look about continued my friend, and note the men whom we are pleased to reckon among our foremost in usefulness you will wonder about the relative value of a general business schooling and the college.

Take the typical public-utility corporations. At one time not long ago there wasn't one that had a college man as its president.

ABOUT LOVE AND MARRIAGE

Signs Reveal Something, but Fact Remains That We All Have to Take a Chance.

No man is ever really in love who can say so with all the ease, ardor and éclat of a stage lover. No man ever loved a woman just because she was good. The man who says pretty things to his wife all the time may have had lots of practice either before or since his marriage.

The husband who never gives his wife a decent word or a compliment would knock down any other man who would treat her in the same way.

The sincerest lovers are those who are tongue-tied, and don't know where to put their feet.

A man who seems very stupid in a crowd can often be extremely interesting in a dimly-lit, cozy corner with only one other person present.

There are two kinds of courage—the courage of the limelight, which prompts a nice young man in white ducks to jump overboard after a girl's handkerchief, and the real courage that makes a man face the horrors of a fashionable wedding, the torture of meeting the bills of a housekeeping apartment, and the agonies of walking the floor all night with a baby. The two are seldom coupled in one young man.

The first wife of a widower never was such an angel as she seems to him after his second marriage.

A man is like a piece of cloth—warranted to wash—and matrimony is the laundry. It may improve him, give him starch and freshen him up, or it may take all the color out of him. You have to take the chances.—Philadelphia Inquirer.

Incompleteness.

How universal is the sense of incompleteness in human experience! Youth, maturity and even old age are ever reaching for the something else which they crave for the hour, which seems to be the essential need of the year while we occasionally meet natures who are bending every force of their working years to the end of attaining some great ambition, failing in which, life to them is but a fraction.—Robert Carroll.

PEOPLE DYING IN GALICIA AT RATE OF 5,000 A DAY

Warsaw, Oct. 24.—Reports are daily received of horrible conditions in eastern Galicia where typhus is raging and spreading at the rate of 5,000 fresh victims each day. The country is practically without hospitals.

So fast are people dying that instances have occurred where living persons were thrown into long shallow graves with the dead. Some crawled out of their crude coffins, which were only half covered with earth, only to die a short time later and be thrown back into the holes.

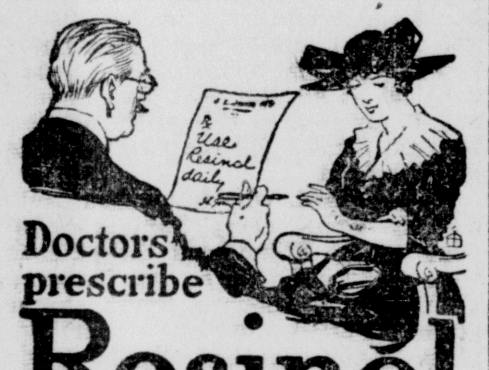

The tide of war swept three times across the country. People are making little attempt at reconstruction.

Limberg newspapers say that it is impossible to give an adequate description of the horrors. Smugglers who bring in supplies creep like hyenas among the dying, disease ridden populace.

Typhus is sweeping the nation like one vast plague.

ANTIOCH FRESHMEN HAVE MERRY TIME

Freshmen of Antioch college had a merry time at a progressive dinner which was given Wednesday evening. The first course was served at Ivy Hall at the college where the dining room was decorated in cerise and white, the class colors. Each Freshman took one guest and there were covers for 22.

The party had its next course at the home of Dr. Ralston as the guests of Miss Wilhelmine Ralston. Cerise and white chrysanthemums decorated the dining room. The party then motored to the home of Miss Louise Bone on the Springfield pike, where salad was served and then to the home of Myrl Funderburg where the desert was enjoyed. Mrs. Martha Dawson chaperoned the crowd.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Who Wants he Saloon Back?

★ "Creating Criminals" ★

Under the above heading the brewers are attacking the prohibition law. Their criticisms of the Crabbe Act are as usual misrepresentations and wholly misleading.

On Friday, October 17, a soldier from Ft. Thomas shot to death his divorced wife in a cigar factory on Main Street, Cincinnati, at the same time wounding seriously another woman, his wife's friend, who sought to protect her.

The soldier was arrested, and the Time-Star account says, tersely:

"HE WAS THEN UNDER THE INFLUENCE OF LIQUOR ACCORDING TO WITNESSES."

For a long time past this has been almost the unvarying story of the many murders and other serious affrays in Cincinnati. And the same is true in every community where liquor is accessible.

Court and police records everywhere show that alcohol is the greatest creator of criminals known to man.

On November 4 vote down the law-defying brewers' proposals to reopen saloons everywhere in Ohio.

NAME "BAYER" ON GENUINE ASPIRIN

For Pain, Colds, Headache, Toothache, Neuralgia, Lumbago, Rheumatism

You want relief—quickly and safely! Then insist on "Bayer Tablets of Aspirin," stamped with the "Bayer Cross."

The name "Bayer" means you are getting genuine Aspirin prescribed by physicians for over eighteen years, and proved safe by millions of people.

For a few cents you can get a handy tin box of genuine "Bayer Tablets of Aspirin," containing twelve tablets. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monacetic acid of Salicylic acid.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of peptic pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid milk or gristle and in the Bismarck form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

LEGAL NOTICE

Court of Common Pleas, Greene County, Ohio.

Alva F. DeBolt, Plaintiff, vs. Mary Blanche DeBolt, Defendant.

Mary Blanche DeBolt, whose residence is unknown, is hereby notified that Alva F. DeBolt has filed his petition against her for divorce, alimony and custody of children in case No. 15187 Common Pleas court, Greene Co., Ohio, that said case will be for hearing on and after the 5th day of December, A. D. 1919.

In said petition, the plaintiff has further asked that the following real estate acquired by plaintiff, estate since abandonment by defendant, be decreed to the plaintiff, free and clear of all dower or any other claim of the defendant:

Situate in the County of Union, in the State of Ohio, the Village of Milford Center, and bounded and described as follows:

Being 22 1/2 feet of the east side of the following described premises, being all of Lot No. 14 in said Village of Milford Center, for a more definite description of which reference is hereby made to the recorded plat of said village in Union County, Ohio, Records Vol. 63 at Page 353; also another tract, being 2nd of Lot No. 116 in said Village of Milford Center, Union County, Ohio, recorded in Vol. 75, page 57, Union County Deed Records.

Also said plaintiff in said action claims the following real estate bought with funds belonging to the plaintiff although said property was recorded in the name of said wife:

Situate in the County of Clark, in the State of Ohio, and in the City of Springfield, and bounded and described as follows:

Being parts of Lots 8173 and 8174, as numbered and designated on the Arlington addition, plat of which is recorded in Vol. 6, page 28 and 29, plat records of Clark County, Ohio; beginning at a point in the east line of lot No. 8174, said east line being the west line of Bunch Road, at a point 55 feet southwardly from the northeast corner of said lot No. 8174; said point also being said Alva F. DeBolt's south-east corner; thence westwardly with said Alva F. DeBolt's south line and parallel with the north line of lot 8174 and lot 8173 to the west line of lot 8173; thence southwardly with the west line of lot 8173 8174 and 8175, 20.100 (55.26) ft. thence eastwardly parallel with the first described line to the west line of Bunch Road; thence northwardly with said west line of said Bunch Road 55.26 ft. to the place of beginning.

In said petition plaintiff prays that same may be decreed in equity to him as his property.

In said action plaintiff further asks for a money judgment and certain funds in the hands of the Sheriff of Hardin County, Ohio, be decreed as and for the recovery of the plaintiff.

Plaintiff asks for such other and equitable relief as may be proper in said action.

Said defendant Mary Blanche DeBolt, moves to set aside said petition on or before the 5th day of December, A. D. 1919, otherwise decree and judgment.

RECEPTION FOR NEWLY WEDDED PAIR DELIGHTFUL EVENT

Autumn leaves and chrysanthemums decorated the home of Mr. and Mrs. Bert Winter Thursday evening for the reception which they gave in honor of their son and his bride, Mr. and Mrs. Erskine Winter (Edna Davis).

Sixty-five people were invited to meet the bridal pair. They were received by Mr. and Mrs. Winter, with Mrs. Webb Davis, mother of the bride, Mr. and Mrs. Erskine Winter, and Mr. and Mrs. Robert Collett, who are also a recent bridegroom and bride.

Mrs. Erskine Winter was very lovely in the gown she wore for her wedding, a brown georgette, and she had a corsage bouquet of Ophelia roses. Mrs. Collett was also wearing her wedding dress. Mrs. Winter, Sr., was in white, and Mrs. Davis wore a cape satin.

Ice cream, cake, mints and coffee were served. The ice was moulded in yellow and white, the colors of the evening.

The only guest from out of the city was Prof. Salathiel Ogan of Springfield, an uncle of the bridegroom.

CHILDREN MUST GO TO SCHOOL SAYS BOARD

At the regular meeting of the Xenia City Board of Education Thursday evening the following resolution was adopted:

Be it resolved by the Xenia City Board of Education that inasmuch as two State Inspectors have expressed themselves to the effect that the East Main street building is in such condition that school may be held there, that the superintendent of schools and the attendance officer be hereby authorized to enforce the school attendance laws in accordance with Section 7763 G. C.

Be it further resolved that the parents of all children not in school on Monday, October 27, be proceeded against according to Section 12977 G. C., and further, that the aid of the Police Department and the Juvenile Court be enlisted to aid in the enforcement of this law.

FARMERS LIVE STOCK TOUR IS GREAT SUCCESS

By Ford Prince.

The Live Stock tour which was arranged by the Farm Bureau was a success in every way. Although the weather was unfavorable on Tuesday about sixty persons made the trip and on Wednesday more than one hundred people picniced at Whitehall Farm in Yellow Springs.

The comments made by the folks on the tour were so favorable that some live stock event should be planned every year. And why not. Greene county has the live stock! We saw it, all kinds of magnificent pure bred stock on the tour. Found, too, in many places which have been little advertised. Some of the smaller herds too were found harboring individuals fully the equal of those in the larger herds.

Every one who made the trip must have been impressed with the quantity, quality and variety of pure bred stock in Greene county, and with a little earnest effort on the part of our farmers Greene county's place in the sun as a live stock county will be hard to surpass or even rival.

The main interest in the tour was in seeing the live stock, and the buildings and in hearing the owner discuss his methods of feeding, breeding or fitting for the show rings. We were also favored by having at all times with us a number of competent judges who discussed from time to time the merits of individuals or made comparisons when two or more animals were in the ring.

The tour included the following sheep breeders: James Bicketts' Lincolns, J. C. Williamson's Oxfords, R. D. Williamson's Merinos, H. H. Cherry's Dorsets, W. J. Cherry's Hampshire and James Hawkins' Shropshires. Other sheep breeders were visited but at these places we made a special point of looking at sheep.

The farms visited which kept beef cattle were, R. D. Williamson, H. H. Cherry, W. J. Cherry, Wayne Oglesbee, L. B. Harner, E. N. Shoup and James H. Hawkins with Shortorns, Walter Ferguson and O. E. Bradute with Angus, and Morton Grinnell with Herefords.

Dairy cattle were seen at J. O. St. John's and Whitehall Farm, where Jerseys are kept, and at P. H. Flynn and Son, who have Holsteins.

The swine breeders who were visited were, Ed Foust, with Durocs, J. C. Williamson and Son, and E. N. Shoup, with spotted Poland Chinas, O. A. Dobbins, with Hampshire and J. H. Lackey, E. H. Smith, J. O. St. John, and L. B. Harner with Big Type Poland Chinas.

Percheron Horses were seen at O. A. Dobbins and J. H. Hawkins and Belgians at Wayne Oglesbee's.

If space permitted I would like to go into detail as to what we saw on each farm and what the outstanding features were there.

A better way to find out is to make the visit, however, so it is hardly

necessary to do it. We were very sorry, to pass by a number of excellent live stock farms and not be able to stop, but the committee in charge felt that it was necessary to do so in order to cover the ground and see the different herds, so as to get the wide variety of our animals. If such a trip is undertaken next year there will be a great number of places to stop without duplicating those of this year.

Only two stops were made where pure bred live stock was not the specialty. One of these was at the farm of A. B. Lewis, who has succeeded in producing 105.2 bushels of corn per acre in the State 10-Acre Corn Contest this year. The other was at the farm of G. H. Fogg and son, whose farm is probably the best stocked with machinery of any in Greene county.

As an educational feature the tour was certainly a success. And it serves as a fitting preface to a campaign which will be waged in the near future in Greene County for pure bred or better sires. This campaign will be put on by the Farm Bureau which arranged the tour.

FRENCH TRAITOR EXECUTED IN PARIS

Paris, Oct. 24.—Pierre Lenoir, convicted of having treasonable dealings with the Germans during the war, was executed today.

Lenoir, who has been ill, was shot as he sat in a chair on the execution grounds. He was carried to the scene of his death in an ambulance protesting his innocence all the way.

Lenoir was to have been shot a fortnight ago, but gained a respite on the ground that he could give the gov-

ernment important evidence that might be of use in the trial of Joseph Caillaux, former premier. Since then he has been in the hospital and it was reported on occasions that his condition was so serious he has been kept alive only through the use of drugs.

CARDS RECEIVED ANNOUNCING WEDDING

Xenia friends of the bride and her family have received cards announcing the marriage of Miss Mary Mc-

Clure, daughter of the Rev. W. S. McClure, D. D., of South Kortright, N. Y., to Dr. Z. R. Scott, of Pittsburgh, which took place at South Kortright, Oct. 21. Dr. and Mrs. Scott will be at home after December 1 at 1417, Seventh street, Pittsburgh. Dr. Scott is a specialist in children's diseases, and is associated with one of the leading specialists in that line, in Pittsburgh. Owing to the death in the early part of June, of the bride's mother, the wedding was celebrated quietly. Dr. McClure was formerly pastor of the Second United Presbyterian church in this city, and much interest is felt locally, in the marriage of his daughter.

COAL DEALERS WILL HAVE TO STEP LIVELY

Xenia coal men are wondering what they are going to do to comply with the rules regarding cars which are

being handed to them by the different railroads.

According to a recent order all cars must be emptied and ready for use again within twenty-four hours of the time they are set on the coal man's siding.

The order was evidently issued to strike at the coal dealer who imposes on the railroad by keeping the cars standing full of coal, until he is ready to use it. Innocent coal dealers, who have always been conscientious about emptying the cars, however, suffer with the others.

The coal dealers here say that they will be taxed heavily in emptying the cars, especially if they come in two or three at a time.

COAL STRIKE ORDER STILL IS IN FORCE

Washington, Oct. 24.—The coal strike will go through, John L. Lewis, acting president of the United Mine Workers of America, declared after holding a conference with the other leaders of the miners to consider the wage increase proposal made by the Secretary of Labor Wilson.

"The strike order still stands," said Lewis as he left the conference. "The strike will not be averted. We will reject the secretary's proposal as being inadequate to meet the demands of the miners. We will so inform him this afternoon, but we will listen to what he has to say."

Lewis and other leaders were of the opinion that there is no chance now of concessions which would lead to negotiations. Lewis went into conference with Samuel Gompers to make plans for corporation from the American Federation of Labor during the proposed strike.

The Brunswick

FOR THE SEVEN AGES OF MAN

—"Then the Justice"

Good mental as well as bodily stimulus comes only in surroundings of harmony.

Parents interested in the musical education of their children should choose a Brunswick Phonograph because it has achieved perfect sound reproduction. In no other instrument is tone reproduced with as great a richness and fidelity.

The Brunswick Method of Reproduction

The Brunswick Method of Reproduction is responsible for The Brunswick's superiority. It consists of two exclusive and scientific features—the Ultona and the Tone Amplifier.

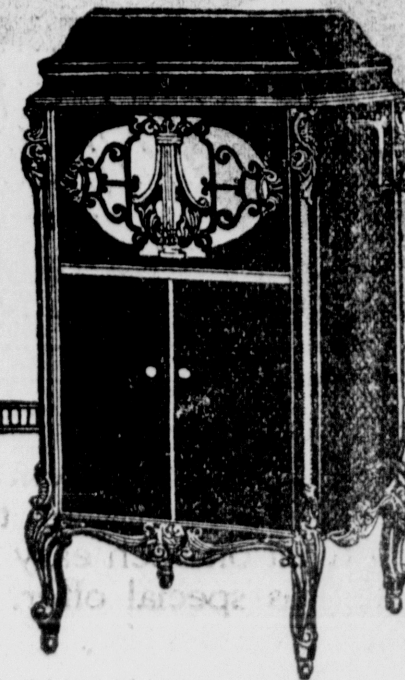

The Ultona

The Ultona plays all records. By a simple turn of the hand it presents the required needle, correct weight and precise diaphragm.

The Tone Amplifier

The Tone Amplifier is a vibrant tone chamber. Built entirely of wood like the sounding board of a fine piano or violin. No metal touches it. Hence its freedom from any harsh metallic sounds.

Knowing its super quality we do not hesitate giving it our full endorsement. Come in today. Let us play your favorite record on this beautiful instrument. If you like, we'll make comparisons for you.

A Small Payment Brings The New Edison to Your Home

YES, on this offer, you can see for yourself how The NEW EDISON will cheer the melancholy days. We'll send it to your home at once if you will make a small first payment. After enjoying the music of The New Edison for a whole month, start paying for it on such easy monthly terms that you won't even miss the money. Investigate this special offer.

Mr. Edison's Favorite Invention

The genius of Thomas A. Edison has given you electric light, the "movies" and a score of human benefits. But he himself says the New Edison is his favorite. For years he has toiled, night and day, taking little time for sleep, until he was ready to pronounce his phonograph "perfect." But when, at last, he did give the New Edison to the world, everyone said, "Real Music at Last!" True to life—just as if the living singer or player sang from the cabinet! Now, on our liberal offer, you need not be satisfied with anything less than Mr. Edison's genuine instrument.

The NEW EDISON

No Needles to Change
Even records of all other makes sound more human when played on The New Edison

Mr. Edison's wonderful phonograph with the diamond reproducer is indeed the king of home entertainers. It puts the whole world of music at your command. It brings cheer to the home for every hour and every mood. There is no end of the variety—from comic dialogues to sacred hymns, from vaudeville to Grand Opera, brass bands, waltzes, two-steps, organ, quartettes, concerts, etc.

Minstrel shows, quartettes, full choirs, cathedral music, foreign records, Chinese bands, tambourine pieces, trombone concertos, piano, violin, flute, cello and the most wonderful dance music that you ever listened to.

No home need be without the New Edison now that we make this special offer by which you scarcely feel the expense.

Come In — Select Your Outfit NOW!

THE CHIEF ADDRESS
AT BIG HOME COMING**

George Conrad, who is connected with the claim department of the Pennsylvania railroad, and is now in the office of H. W. Monroe in this city, made the chief address at a home coming and dance given by Negro service men in Richmond, Ind., recently.

Mr. Conrad reviewed the history of the race in this country, its achievements in the business world, in the arts and industries, and the great part it played in the recent war.

He said "We are true patriots. We have been tested and not found wanting. We entered the war with 400,000 drafted men, four regiments of regulars and 12 regiments of the National Guard. We have fought in every war in this country, for there is no race or color among patriots. All are united in a common cause, and all fight side by side as brothers, and for this we have gained international fame."

Fifty-four ex-service men from Richmond headed by Dr. W. G. Huffman, were hosts. Dr. Huffman is a former Xenian.

The affair netted \$100 for the Mary E. Thomas Rescue Home in Richmond.

Miss Kelly Tells How Lydia
E. Pinkham's Vegetable
Compound Restored
Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound to publish this letter." Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

ZIMMERMAN

A new baby arrived at the home of Mr. and Mrs. Richard Komsper (Ruth Shockey) some time ago.

Mrs. Lila Hower entertained the following guests at dinner, Mrs. Voorhees, Mrs. Kate Haverstick, Misses Lizzie Haverstick and Minnie Stewart and Mrs. Ben Coy.

Walter Fleming and family have moved to their home, purchased some months ago.

Clarence Snyder and family, of Dayton, have moved into the Sipe property vacated by Walter Fleming.

William Shoup and wife, of Augusta, Illinois, were recent guests of his cousins, Ed Shoup, and Mrs. Harry Ferguson, and nephew, Forest Shoup.

A family dinner at the home of Mrs. Amy Gray was attended by the following relatives: Newton Coy and family, Mrs. Gertie Coy and son Charles, Misses Mary and Minnie Brill, Charles and Howard Brill, Ed Long, wife and son Austin, Miss Annie Crowl. There were a number of other visitors in the afternoon. Mrs. Gray is slowly improving, after a long illness of cancer and other complications, although her condition is still serious.

Mr. and Mrs. Davis, Laura Engle) of near South Charleston, recently visited the latter's mother, Mrs. Orion Clifford.

Clifford Trubee, U. S. sailor, and wife were recent guests of his sister, Mrs. Fred Smart.

Mrs. Mary Snyder was buried at Mt. Zion Friday afternoon. Funeral services at the residence, and at the church in Zimmerman, of which she was a member, were attended by a large crowd of relatives and friends. She leaves the following children: Mrs. John Cypjehrs, of Alpha, Mrs. Walter Fleming, of Zimmerman, two other daughters, and the following sons: Clarence, Oliver and Guy, of Dayton, Forest, with whom she made her home. A son Tom has not been heard from for a long time.

Mrs. Ed Shoup had as dinner guests Wednesday, her father, Mr. Benham, brother Russell, and the latter's friend from Chicago.

Mr. William Mahan had a sale of farming implements Wednesday.

SANDRA THE JEALOUS

BY JANE PHILIPS.

ROSE IS TACTLESS.
CHAPTER CL.

Rose came in about ten minutes before Everett got home. We were chatting in my room, and he called up and asked if he might join us. I was so astonished for a moment I could not answer, for although he had been very nice to Rose this time I had thought it was simply to make up to her for his actions the time she visited me before.

He had brought us a box of candy, and each of us a lovely corsage bouquet for the evening.

"Now tell me what you have been doing all day, you two. You look as fresh as a rose, Miss Grandon." He gave her an admiring look.

"We shopped all the morning, then this afternoon I proposed we rest as we were going out tonight." Rose had flashed me a warning glance. But even had she not, I would not have mentioned meeting Walter Kemp, or that she had met him again for tea. I felt hurt that Everett had said nothing complimentary to me after saying something nice to Rose.

Rose was not a tactful girl. After Everett left us to dress for dinner she said:

"I notice you still decorate the walls with Number One."

Everett thinks it would cause comment if I had it taken down.

"I should be more apt to think he loved to see it, than to care what people said. He doesn't strike me like the kind of man to care much about what others think of anything he might do."

"He isn't usually," I admitted flushing.

"Have you got used to being Number two, Sandra?" she asked after a moment. "I don't believe I ever could. I would be thinking of her all the time. If my husband kissed me, or said nice things to me, I would think he used to say the same to her and first, I guess that is what would hurt me, not being first. It is a good thing you haven't my disposition. I would have thrown those pictures of Number One out the very day I came here."

"Oh, no you wouldn't!" I replied, thoughts of Everett in my mind. "You think you would, but when it came right down to it, you would not want to hurt your husband's feelings. But Rose, you must be careful." I changed the subject. "Everyone knows Walter Kemp and you will get talked about if you go around with him. They say he only admires one woman or girl until another comes along."

"I'll look out for myself as far as he is concerned. Now I must go dress. I want to look nice. I told him we were going, and he said"—she blushed and hesitated.

"What did he say that makes you blush so?"

"He said he would have to go also and watch his divinity from afar. Wasn't that a lovely thing to say to me?"

"Perhaps—I guess Everett would think it silly."

"Of course he would. Everett's old!"

Rose ran away then to dress, leaving me with a feeling that I almost hated her. She had made me unhappy first by talking of Leola, calling me Number Two and then she had expressed what I had felt so many times; that when Everett kissed me or said nice things to me, it was only a repetition of what he had done and said when Leola was with him. I didn't mind so much what she said about the pictures, I had overcome that feeling to a certain extent, and sometimes would forget all about them—until some one called them to my attention.

Then what she had said just before she left me. She had thought that a wonderful compliment of Kemp's—and, and to tell the truth, so did I. I would have been delighted could I have had one like it paid me. But she had said, without in any way softening her words:

"Of course Everett would think such a compliment was silly," and had added: "Everett's old!"

Tomorrow—A Theater Party.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

DO YOU WANT A HOME IN XENIA?

"Do you want to own a home in Xenia," is the question the people of Xenia will be asked by the housing committee of the Chamber of Commerce next week. The committee will publish a questionnaire in this paper and every person who would like to own a home and has not the means to pay for it outright is asked to fill it out. This questionnaire will embody questions that the committee must have answered before it can make definite plans for its work.

CEDARVILLE

Miss Mary Little returned to her home at Connorsville, Ind., after having been the guest of her sister, Mrs. Mary Buck for several days.

Mr. and Mrs. A. E. Huey, accompanied by Mrs. Huey's parents, Mr. and Mrs. Hemphill of Marietta, Ill., left Thursday morning for Nobles-town, Pa. to visit the Rev. and Mrs. C. M. Richie.

The girls of Cedarville college had their annual "kid" party Tuesday night, at the home of Dr. and Mrs.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, gripe, croup does not resist this standard remedy very long. Its quality is so high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and \$1.20 a bottle at all druggists. Give it a trial.

Constipated? Here's Relief

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of stubborn bowels so pronounced in Dr. King's New Life Pills.

Tonic in action, they promote free bile flow, stir up the lazy, thoroughly but gently cleanse the system of waste matter and fermenting foods, and give you keen zest for hard work and healthful recreation. All druggists—25c.

W. R. McChesney. The feature of the evening was a military wedding. When Miss Calla Turner became the bride of Captain Grace Lyle. Miss Mary Johnson was maid of honor and Sergeant Majorie Wright acted as best man. The Rev. Nettie Shaw performed the ceremony. After the vows had been taken delicious refreshments of all-day suckers, animal crackers and apples were served.

Miss Elsa Shockley of Black Lick, Ohio, was called here last week on account of the serious illness of her aunt, Mrs. B. H. Little. Mrs. Little who was to entertain the members of the Home Culture Club this month has postponed the meeting.

Mrs. Robert Bird left Thursday morning for Mt. Carmel, Ill., for a ten day visit with her sister and other relatives.

Harry Hanniman and Harold Myers enjoyed trips in an airplane which landed here Wednesday afternoon.

ARTHUR BALES EDITS REVIEW

This week's issue of the Central High Review was edited and published under the supervision of Arthur

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not "Get." "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-budding." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plaster, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill. Sold in Xenia and recommended as the world's best corn remedy by Sayre & Hemphill and D. D. Jones.

Bales, who is a candidate for the position of editor in chief.

Since the resignation of Editor in Chief Allen Kestle, who has moved away from this city, the paper has been gotten out by the Associate Editor, Miss Margaret Webster. The judges selected to appoint a new editor has been unable to agree after any of the tests conducted for the office and so each candidate for the position will be given an opportunity to edit the paper on consecutive weeks.

The Review is being published weekly this year, and is a spicy and newsy little paper.

EVEN COST OF OWNING BLUSH ALBUM GOES UP

And now the old blush album enters in the list of things it costs too much to have.

"It isn't the original cost—it's the upkeep" has placed its mark on this relic of the days of horsehair furniture and the darkened parlor.

Photographers will soon announce a raise in the price of photographs as a result of an increase in print paper. Paper, which has been making small jumps upward since the start of the war, has suddenly taken a fifty per cent leap. Plates in which there has been no change in price in years, have also ascended with the general inflation.

Hereafter it will cost more to have the baby portrayed in the wash bowl or to have yourself visualized on the corner of the moon.

PAUL SHOEMAKER WEDS UPPER SANDUSKY GIRL

Xenia people will be interested in the following item from the society columns of the Ohio State Journal.

Mr. Shoemaker formerly lived in this city and later in Columbus where he was on the staff of the Ohio State Journal. He has a number of friends here who will be interested in the following:

The marriage of Miss Garnetta W. Link, daughter of Mr. and Mrs. N. H. Link, Upper Sandusky, to Mr. Paul D. Shoemaker, son of Mrs. L. M. Shoemaker, 1053 Studer Avenue, will take place Nov. 1, at the home of the bride's elect's parents. Miss Link was graduated Tuesday night from the Grant Hospital training school for nurses. Mr. Shoemaker is located at Wabash, Ind., with the Service Aviation training and transportation company, but will take his bride to Palm Beach, Fla., where he will be stationed during the winter season.

EMERSON UP TO HIS OLD TRICKS

Emerson Rust, of Springfield, who appeared here with Springfield teams in games against the Xenia Reserves, last summer, and who was well-known because of his tendency to have the score kept according to his own desires, is still at that sort of thing according to the following, from the Springfield Sun:

"On the sporting page of The Sun Monday morning was a report of the game at Marysville in which it was said that Mechanicsburg had won in fourteen innings from Milford Center by the score of 3 to 2. The report of the ball game was furnished by Emerson Rust, who played shortstop for Mechanicsburg, and is a member of the O. S. Kelly team. The report was published in good faith by The Sun.

It was learned Monday that Milford Center had won in nine innings from Mechanicsburg by the score of 5 to 2. Wanting to be on the winning side, Rust had reported that Mechanicsburg won the game and that he got two hits including a double and triple. However, in four times at bat he failed to get a hit and only had four chances instead of nine, as he reported.

The sported editor willingly makes the correction for the benefit of the readers and apologizes for the shortcomings of Mr. Rust.

Splendid Way To Reduce Your Weight

There is perhaps no one thing that so plainly shows the passing of our youth as the horrible tendency to put on too much weight after we have reached the age of 25 or 30 years. However young our faces may appear, the sagging, flabby figure and forty inch waist "gives us away."

The cause of this over stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the excess fatty tissue. Fat people will be pleased to learn of a simple home method that is wonderfully efficient in reducing weight quickly and easily without a starving diet, violent massage or strenuous exercise. Go to any drug store and get a box of Phynola, take five grains after each meal and at bed time. This treatment will often give quick relief from overburdening fat. Phynola taken at meal time assists the stomach in giving you the benefit of the food you eat; at the same time dissolves the fatty tissue from any part of the body where there is excessive fat. By this method many have reduced their flabbiness left. Sayre and Hemphill, or any druggist can supply you with the genuine Phynola at a small cost, weight a pound a day and there is no adv.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

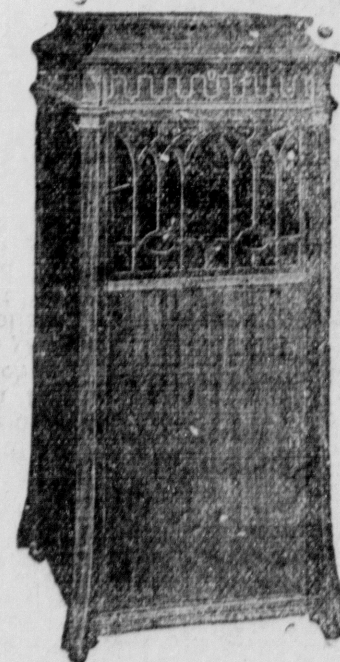

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips of Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be

reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. bring their old tires here.

Why?

1. Because we always give them our honest, expert opinion on its condition.

2. Because, if we vulcanize it, we do it neatly and promptly.

3. Because we pay him so much per pound, if it is not worth vulcanizing, and let it count on a new tire.

4. Because our motto is "Promptness, Politeness and Honesty."
